HOW IT WORKS

Learner-led, no grades. A guide who coaches, not lectures. Two days guided plus two days on their own projects, 9:00 to 1:30. Real mentors, real-world work, and public exhibitions - with high-school requirements met along the way.

**Every Launch Pad hands your child a resume.
Ours hands them back to themselves.**

Come see for yourself.

Watch a learner stand up and show you who they're becoming.
